## INDEPENDENT AUDITORS' REPORT

Board of Trustees  
Dehesa School District  
El Cajon, California

We have audited the accompanying general-purpose financial statements of the Dehesa School District as of and for the year ended June 30, 2001, as listed in the Table of Contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Dehesa School District as of June 30, 2001 and the results of its operations and nonexpendable trust funds for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 29, 2001 on our consideration of the Dehesa School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants.

## INDEPENDENT AUDITORS' REPORT

Page 2

Our audit was performed for the purpose of forming an opinion on the financial statements of the District, taken as a whole. The accompanying financial information listed in the Table of Contents, including the Schedule of Expenditures of Federal Awards, which is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements of Dehesa School District. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

**NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES**

**A. Accounting Policies**

The District accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's California School Accounting Manual. The accounting policies of the District conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants.

**B. Fund Accounting**

The accounts of the District are organized on the basis of funds or account groups, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The District's accounts are organized into three broad categories, which in aggregate include several fund types and account groups as follows:

**GOVERNMENTAL FUNDS**

General Fund is the general operating fund of the District. It is used to account for all financial resources except those to be accounted for in another fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. The District maintains the following special revenue funds:

1. Deferred Maintenance Fund is used for the purpose of major repair or replacement of District property.
2. Cafeteria Fund is used to account for revenues received and expenditures made to operate the District's cafeteria.
3. Child Development Fund is used to account for resources committed to child development programs maintained by the District.
4. Special Reserve Other Than Capital Projects Fund is used for the purpose of future technical support.

**DEHESA SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
JUNE 30, 2001**

**NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Fund Accounting (Continued)**

Capital Projects Funds are used to account for the acquisition and/or construction of all major governmental general fixed assets. The District maintains the following capital projects funds:

1. Capital Facilities Fund is used to account for resources received from developer impact fees assessed under provisions of the California Environmental Quality Act.
2. State School Building Lease-Purchase is used to account for the acquisition of portable classrooms and related equipment from state apportionments.

**FIDUCIARY FUNDS**

Agency Funds are used to account for assets of others for which the District acts as an agent. The District maintains one student body fund and one temporary retiree fund for future medicare benefits.

**ACCOUNT GROUPS**

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. All governmental funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheet.

Their reported fund balance is considered a measure of "available spendable resources". Thus, the fixed assets and long-term liabilities associated with governmental funds are accounted for in the account groups of the District.

General Fixed Asset Account Group accounts for fixed assets used in governmental fund type organizations.

General Long-Term Debt Account Group accounts for long-term liabilities expected to be financed from governmental funds.

**C. Basis of Accounting**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

**DEHESA SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
JUNE 30, 2001**

**NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Basis of Accounting (Continued)**

Governmental funds are generally accounted for using the modified accrual basis of accounting. Their revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current fiscal period. "Measurable" means the amount of the transactions can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered) except for unmatured interest on General Long-Term Debt which is recognized when due.

Agency Fund assets and liabilities are also accounted for on the modified accrual basis.

The General Fixed Asset account group accounts for fixed assets on the estimated cost and actual cost (for new additions) basis.

**D. Budgets and Budgetary Accounting**

The District, pursuant to E.C. 42127, has elected to make the single budget adoption. By state law, the District's governing board must approve the single budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements.

This budget is revised by the District's governing board and District superintendent during the year to give consideration to unanticipated revenue and expenditures. It is this final revised budget that is presented in the financial statements.

Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

**E. Encumbrances**

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated at June 30.

**DEHESA SCHOOL DISTRICT  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
JUNE 30, 2001**

**NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**F. Inventories and Prepaid Items**

Inventory is recorded using the purchase method in that the cost is recorded as an expenditure at the time individual inventory items are purchased.

The District has the option of reporting an expenditure in governmental funds for prepaid items either when purchased or during the benefiting period. The District has chosen to report the expenditure when incurred.

**G. Deferred Compensation**

The District or the state does not maintain or administer its own deferred compensation plan. However, employees of the District may select an individual private plan and its administrator.

**H. Compensated Absences**

Accumulated unpaid employee vacation benefits are recognized as liabilities of the District. The liabilities are recognized in the general long-term debt account group. For additional information, see Note 7.

Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken, since such benefits do not vest nor is payment probable; however, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires.

**I. Federal and State Allowances, Awards and Grants**

The District has received federal and state funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under the terms of the grants, it is believed that any required reimbursement would not be material.

**J. Total Columns on Combined and Combining Statements**

Total columns on the combined and combining statements are captioned "Total-Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position,

FRINGE BENEFITS CONSORTIUM**

The District entered into a joint powers agreement (JPA) known as and designated "San Diego County Schools Risk Management Joint Powers Authority", a self-insurance plan for workers' compensation, liability, property damage, fire damage, or any other risk or plan authorized by law. The County Superintendent of Schools of San Diego County, California is the administrator of the JPA. The County Superintendent has created a special fund under his control to facilitate the financial transactions.

Previously programs which provide medical, dental, and vision services to District employees were covered under the same agreement. These programs are now covered under separate agreements and are reported on separately as the San Diego County Schools Fringe Benefits Consortium (the Consortium).

The JPA and the Consortium are separate entities which are independently audited. Because the District has a minority voting interest and no administrative authority, the financial transactions of the JPA and the Consortium are not included in this report.

**NOTE 11 - EMPLOYEE RETIREMENT SYSTEMS**

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Certificated employees are members of the State Teachers' Retirement System (STRS), and classified employees are members of the California Public Employees' Retirement System (CalPERS).

**DEHESA SCHOOL DISTRICT  
NOTES TO SUPPLEMENTARY INFORMATION  
JUNE 30, 2001**

**NOTE 1 - PURPOSE OF TABLES**

A. Schedule of Average Daily Attendance

Average daily attendance is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

B. Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. This schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of Education Code Sections 46201 through 46206.

C. Schedule of Expenditures of Federal Awards

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the general-purpose financial statements.

D. Reconciliation of Unaudited Actual Financial Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balances of all funds and the total liabilities balance of the General Long-Term Debt account group as reported on the Unaudited Actual Financial Report (Form CA) with Audited Financial Statements.

E. Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

**NOTE 2 - EARLY RETIREMENT INCENTIVE PROGRAM**

The District does not offer an early retirement incentive program as of June 30, 2001.

**JUNE 30, 2001**

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees  
Dehesa School District  
El Cajon, California

We have audited the general-purpose financial statements of the Dehesa School District (the District) as of and for the year ended June 30, 2001, and have issued our report thereon dated November 29, 2001. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

## INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

Board of Trustees  
 Dehesa School District  
 El Cajon, California

We have audited the general-purpose financial statements of the Dehesa School District, as of and for the year ended June 30, 2001, and have issued our report thereon dated November 29, 2001. Our audit was made in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *State Controller's Standards and Procedures for Audits of California K-12 Local Educational Agencies*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The District's management is responsible for the District's compliance with laws and regulations. In connection with the audit referred to above, we selected and tested transactions and records to determine the District's compliance with the state laws and regulations applicable to the following items:
